This brochure is available in alternate format.

A Project of the Accessible Washrooms Working Group, which is composed of representatives from:

Equity Office, Access and Diversity, Pride UBC, Land and Building Services, and the Access and Diversity Council.

This brochure is part of a campaign to raise issues of washroom accessibility on campus, especially for those who are gender-variant. Current unisex signage presumes a female-male gender system, and so excludes those who identify outside of it. Gender-inclusive signage ensures that a range of genders outside of this binary are recognized and respected.

In this brochure, you'll find a list of campus washrooms, each of which is designated with one of the following accessibility codes:

GI = Gender-Inclusive signage on the washroom.

N = No signage on the washroom.

U = Unisex signage on the washroom.

UW = Unisex and Wheelchair Accessible signage on the washroom.

W = Wheelchair Accessible signage only, no gendered signage.

* = Washrooms that are physically accessible except for the presence of some inaccessible hardware and/or a heavy door.
